BY SIGNING THIS CONTRACT, BUYER:

- 3a. Agrees to and understands the terms of the hip and elbow dysplasia guarantee as follows. Breeder offers a 3 year hip and elbow dysplasia guarantee. This applies to any puppy diagnosed with a hip dysplasia rating below "Fair" or an elbow dysplasia rating below "Normal" from OFA. The following applies: the diagnosis must be documented by an official OFA consultation. In the case of female dogs, x-rays and evaluations must not be done during the female's season or within 1 month either before or after having been in season. Breeder must be provided with official OFA documents stating that the dog has hip and/or elbow dysplasia. Buyer must also provide proof of all veterinarian examinations, vaccines, immunizations, and documentation of food purchases. This ensures that pup has been fed only recommended quality food, has been kept at an appropriate weight, and has been kept up to date on all vaccinations. Once all documentation is provided, a puppy of equal value will be given to the buyer at the breeder's convenience. If buyer does not want another puppy, buyer may instead choose to be refunded half of the paid purchase price at breeder's convenience. Breeder reserves the right to have a second opinion from their own veterinarian. Breeder also reserves the right to acquire DNA to determine the dog or puppy as one of Euro Deja's. All medical bills, transportation costs, DNA tests and health tests are at the expense of the buyer. Guarantee is void if the dog has been spayed or neutered before it has turned 18 months of age; spaying/neutering before this recommended time is proven to drastically increases the risk of dysplasia. Guarantee is void if breeder determines that the dog has been mistreated and/or there has been a breach of this contract. This guarantee is non-transferable.
- 3b. Agrees to and understands the Degenerative Myelopathy (DM) guarantee as follows. Breeder offers a lifetime Degenerative Myelopathy A/A ("at risk"). The diagnosis must be documented by OFA. Once all documentation is provided, a puppy of equal value will be given to the buyer at the breeder's convenience. If buyer does not want another puppy, buyer may instead choose to be refunded half of the paid purchase price at breeder's convenience. Breeder reserves the right to have a second opinion from their own veterinarian. Breeder also reserves the right to acquire DNA to determine the dog or puppy as one of Euro Deja's. All medical bills, transportation costs, DNA tests and health tests are at the expense of the buyer. Guarantee is void if breeder determines that the dog has been mistreated and/or there has been a breach of this contract. This guarantee is non-transferable.
- 3c. Agrees to and understands the terms of the 10 day health guarantee as follows. Breeder offers that buyer can return the puppy and receive a full refund, if within ten (10) days of purchase, puppy is found to have a previously unknown hereditary illness or disorder by a certified veterinarian. Buyer must provide proof of health issue from certified veterinarian to be considered eligible for refund. Breeder reserves the right to have the pup re-examined by his/her own veterinarian. All medical bills, transportation costs, DNA tests and health tests are at the expense of the buyer. Guarantee is void if breeder determines that the dog has been mistreated and/or there has been a breach of this contract. This guarantee is non-transferable.
